The Organic Crop Improvement Association has inspected this operation and determined that it is in compliance with the following verification programs:

Commision Regulation (EC) 834/2007

Certification Type: Handler

Brokering of Organic Products

This certificate is valid only to document the OCIA verification of the operation named on this certificate. This certificate is not valid for trade, but only validates that the above operation may have product eligible for approval by appropriate authorities. By accepting this Certificate, the named operator agrees to maintain compliance and follow the approved management plan. The named operator agrees that this certificate will only be used to demonstrate that products are compliant to the above named program. This certificate is issued under the accreditation program managed by the International Organic Accreditation Service (IOAS) and by the American National Standards Institute (ANSI).
